

# County Council Of Howard County, Maryland

2020 Legislative Session

Legislative Day No. 9

Resolution No. 91 -2020

Introduced by: The Chairperson at the request of the County Executive

A RESOLUTION adopting the School Capacity Chart, pursuant to the Adequate Public Facilities Act of Howard County, to designate the elementary school regions, elementary schools, middle schools, and high schools constrained for new residential development during each of the following years as based on the definition of program capacity as defined by Howard County Public School System policy.

---

Introduced and read first time June 1, 2020.

By order   
Diane Schwartz Jones, Administrator

Read for a second time at a public hearing on June 15, 2020.

By order   
Diane Schwartz Jones, Administrator

This Resolution was read the third time and was Adopted , Adopted with amendments \_\_, Failed \_\_, Withdrawn \_\_, by the County Council on July 29, 2020.

Certified By   
Diane Schwartz Jones, Administrator

NOTE: [[text in brackets]] indicates deletions from existing law; TEXT IN SMALL CAPITALS indicates additions to existing law; Strike-out indicates material deleted by amendment; Underlining indicates material added by amendment.

1           **WHEREAS**, Section 16.1103(c) of the Howard County Code (the Adequate Public  
2 Facilities Act of Howard County) provides for a School Capacity Chart that is consistent  
3 with the Housing Unit Allocation Chart and that indicates the elementary school regions,  
4 elementary schools, middle schools, and high schools that are open for new residential  
5 development and those that are constrained for new residential development during each  
6 of the following years as based on the definition of program capacity as defined by Howard  
7 County Public School System policy; and

8  
9           **WHEREAS**, Section 16.1103(c) further provides that the County Council shall  
10 adopt or amend the School Capacity Chart by Resolution whenever the Council adopts or  
11 amends the Housing Unit Allocation Chart; and

12  
13           **WHEREAS**, as required by Council Bill No. 1-2018, Section 16.1103(c) also  
14 provides that the School Capacity Chart shall be accompanied by a report (the “Report”)  
15 that contains information related to capacities, redistricting, any projected increases in  
16 enrollment and related reasons for the increase, and information related to proposed  
17 redistricting or a capital improvement project’s impact on a school’s “open” designation;  
18 and

19  
20           **WHEREAS**, the Report, attached to this Resolution for informational purposes as  
21 Exhibit B, has been provided to the Department of Planning and Zoning in accordance with  
22 Section 16.1103(c) and for purposes of providing the notice required by 16.1103(d) and,  
23 upon receiving written notification under Section 16.1103(d), the County Council shall  
24 hold a joint special work meeting in accordance with Section 16.1103(d); and

25  
26           **WHEREAS**, immediately preceding adoption of this Resolution, the County  
27 Council has adopted the Housing Unit Allocation Chart; and

28  
29           **WHEREAS**, the Department of Planning and Zoning has received the School  
30 Capacity Chart, based on the Housing Unit Allocation Chart, from the Board of Education  
31 and has submitted it to the Council for adoption.

1

2           **NOW, THEREFORE, BE IT RESOLVED** by the County Council of Howard  
3 County, Maryland this 29th day of July, 2020 that the County Council adopts  
4 the School Capacity Charts attached to this Resolution as Exhibit A and incorporated  
5 herein.

BOARD OF EDUCATION OF HOWARD COUNTY  
MEETING AGENDA ITEM

---

**TITLE:** Adequate Public Facilities Ordinance (APFO) Chart **DATE:** May 14, 2020

**PRESENTER(S):** Renée Kamen, Manager, School Planning

---

**Strategic Call To Action Alignment:** This process supports the Strategic Call to Action (SCTA) by providing operations and practices that are responsive, transparent, fiscally responsible and accountable.

---

**OVERVIEW:**

The Adequate Public Facilities Ordinance (APFO) School Capacity charts are utilized as part of the growth management process of Howard County for new residential developments. The test year for the 2020 APFO School Capacity Charts is SY 2023-24. For SY 2023-24, there are 20 elementary, five middle and five high schools, and three elementary school regions listed as constrained (see Attachment 2). The impact of Board approved SY 2020-21 boundaries has been taken into account for these School Capacity Charts.

Attachments:

- 1 – Report
- 2 – School Capacity Charts
- 3 – County Council Bill 1-2018 Supplemental Data

---

**RECOMMENDATION/FUTURE DIRECTION:** Approve the School Capacity charts and attached supplemental data for submittal to the Howard County Council.

---

**SUBMITTED BY:** \_\_\_\_\_  
Renée Kamen  
Manager, School Planning

**APPROVAL/CONCURRENCE:** \_\_\_\_\_  
Michael Martirano, Ed. D.  
Superintendent

Karalee Turner-Little  
Deputy Superintendent

\_\_\_\_\_  
Scott W. Washington  
Chief Operating Officer

\_\_\_\_\_  
Daniel Lubeley  
Acting Director, Capital Planning  
and Construction

## ATTACHMENT 1

The Adequate Public Facilities Ordinance (APFO) School Capacity charts are utilized as part of the growth management process of Howard County for new residential developments. County code requires that the school system provide an annual report identifying the capacity utilization for each elementary school (Grade K-5), elementary school region, middle school (Grade 6-8) and high school (Grade 9-12) school.

The attached School Capacity charts list schools and elementary regions as “C” (constrained) to new future residential development if the capacity utilization developed for the FY 2021 Capital Budget and Capital Improvement Program/Redistricting Process exceeds:

- 105 percent for elementary schools,
- 105 percent for elementary regions,
- 110 percent for middle schools, or
- 115 percent for high schools.

These calculations are based on the capacities listed in the most recent Board Requested Capital Improvement Program and the projections that were adjusted to include the impact of the Board approved SY 2020-21 boundaries. Individual schools or elementary regions that show a capacity utilization less than the percentage noted above are considered “open” for new residential development. Constrained schools are indicated in the chart with the letter “C” and open schools are left blank. For SY 2023-24, there are 20 elementary, five middle and five high schools, and three elementary school regions, listed as constrained.

Since 2019, CB-1-2018 specifically requires the following information to be provided to the County Council for each school:

- State and local capacities of the facility;
- The date of the last redistricting which impacted the attendance area of that school;
- For any projected increase in enrollment, an indication of what portions of the increase are attributed to sales or rental turnover of existing residential units, new development, and other factors; and
- For any school designated as open on the school capacity chart based on a capital improvement project or proposed redistricting associated with a capital improvement project:
  - a. Current and future funding assumptions for the capital improvement project(s);
  - b. Future redistricting assumptions associated with the capital improvement project; and
  - c. An explanation of any capacity utilization changes based on (a) or (b).

The Ordinance also stipulates that the County Council and Board of Education hold a joint special work meeting regarding schools or school regions that have reached 95 percent capacity utilization and are projected to exceed 110 percent capacity utilization within five years.

'NS' includes new school as reflected in FY 2021 CIP for Grades 9-12

C: Constrained for future residential development.

## ATTACHMENT 3

### I. State and Local Capacities of the Facilities

Note: The State Rated Capacities (SRC) are current as of the writing of this report. Review and update of SRCs occur individually on an as needed basis (ex. after additions, new schools). Additionally, the Interagency Commission on School Construction has a committee reviewing SRCs statewide. As of March 2020, updated SRCs for the elementary level were released and are reflected below. The methodology to calculate SRCs and/or the SRCs for middle and high schools may also be updated in the future.

Elementary	Local	State
Atholton ES	424	463
Bellows Spring ES	726	767

**III. For any projected increase in enrollment, an indication of what portions of the increase are attributed to sales or rental turnover of existing residential units, new development, and other factors**

These charts are based on the projection developed in the spring of 2019. The projections and factors listed below are in their original form and presented without the impact of the Board’s approved school boundaries for school year 2020-21.

During the boundary line review and approval process, the projections are distributed down to the polygon level based on actual students, as well as existing and anticipated housing, and are then re-aggregated based on boundary scenarios. The re-aggregated projections are used in the May 2020 School Capacity Charts. New projections are developed each year in the spring with new birth, housing, and student yield data and all approved boundaries. The projections developed in the spring 2020 based on the 2020-21 boundaries are to be used in the May 2021 Schools Chart.

**Elementary Schools**

	Official 2018 Enrollment	Projected 2019 Enrollment	Projected Enrollment Change	Projected 2019 Utilization	Projected 2019 Student Yield

Additional factors contributing to a school's enrollment projection: size of cohort rising to next level, cohort survival rates, out of district students (can be +/-), and adjustments based on prior year's projection accuracy

**IV. For any school designated as open on the school capacity chart based on a capital improvement project or proposed redistricting associated with a capital improvement project:**

- A. Current and future funding assumptions for the capital improvement project(s);**
- B. Future redistricting assumptions associated with the capital improvement project**
- C. An explanation of any capacity utilization changes based on (a) or (b).**

Talbott Springs ES is associated with a capital project and designated as “open” on the school capacity chart for test year 2023-24. Regardless, without the replacement school, Talbott Springs ES is projected to have a capacity utilization of 104.5%, which would also be “open” to new residential development. Other FY 2021 Capital Budget projects do not impact testing year 2023-24. The Board Requested FY 2021 – 2030 Long Range Master Plan is scheduled for approval by the Board on May 28, 2020 and is attached.

**FY 2021-2030 Long-Range Master Plan**

Ten-Year Long-Range Master Plan = \$781,100

**V. Upon receiving written notification from the Howard County Public School System that a school or school region has reached 95 percent capacity utilization and is projected to exceed 110 percent capacity utilization within five years as well as the Board of Education's proposed solution to address the projected overcrowding, the County Council shall hold a joint special work meeting.**

Schools that have reached 95 percent capacity utilization and are projected to exceed 110 percent capacity utilization within five years are listed below. Staff's assessment of these enrollment projections was presented in the 2019 Feasibility Study, which influenced the FY2020 Capital Budget request and the boundary review process in 2019. Both the Feasibility Study and all versions of the Superintendent's and Board's capital budgets were provided to the County Council. Schools are only included on this list if the 2025 utilization criteria is met based on the Board approved 2020-21 boundaries.

The actual 2019 or projected 2025 capacity utilization does not include the temporary capacity gained by the use of relocatable classrooms. The relocatable counts do not include the Board approved placement of additional relocatables during the summer of 2020.

**95% or greater capacity utilization in 2019 and projected to be greater than 110% by 2025**

Elementary School	2019 Capacity	2019 Actual	2019 Utilization	2025 Capacity	2025 (with 20-21 boundaries)	2025 Utilization	Relos	Potential Solutions
